TRUST

## Save an acre of jungle for £100

**COUNTRY: BELIZE**  
**LAND: 1,818 ACRES**  
**TARGET: £181,800**

Following the success of our Jungle for Jaguars appeal, another 1,818 acres of the wildlife corridor in Belize has become available. This is a wonderful opportunity for our partner to build on the impact of the most recent land purchase to connect protected areas in north-eastern Belize for a population of jaguars.

For every £100 donation, we can save one acre of jungle that would otherwise be vulnerable to the high rates of deforestation for agriculture in Belize.

The 1,818 acres adjoins the southern edge of Shipstern Reserve and excludes 187 acres of land in the centre which belongs to a local community. Once purchased, an extremely high number of fauna and flora will be protected, including Jaguar, Whitelipped Peccary, Baird's Tapir and Ornate Hawk Eagle.

The western edge of the property is fringed with mangroves opening onto a beautiful lagoon home to colonies of water birds. Shipstern Lagoon is the largest inland lagoon in Belize and stingrays are often spotted in the shallow water. Birds of the lagoon include Roseate Spoonbill, White Ibis, Magnificent Frigatebird, and, when conditions are right, nesting Wood Storks. There are also remnants of Black Mangrove forest dating back to Mayan times.

-  1,818 acres for purchase
-  Shipstern Lagoon
-  Protected areas
-  Community land

# Choose how to make your impact

## Know where your donation will be spent

### Buy an Acre

For just £100, you can save one acre of jungle in Belize.

### Action Fund

Your donation will go towards WLT's most urgent conservation needs.

### Plant a Tree

A £5 donation will plant a native tree to restore a degraded habitat.

### Keepers of the Wild

Support a ranger's valuable work protecting land from ongoing threats.

### Become a WLT Friend

Make your commitment to conservation today (overleaf)

Visit the World Land Trust website for more information on these projects.
