

**MISSION FOUR**

# OPERATION OCELOT

**ON TOUR!**  
LLANGANATES-SANGAY  
CORRIDOR | ECUADOR

## FUNDRAISER

JOIN IN!

THE LLANGANATES-SANGAY CORRIDOR IN EASTERN ECUADOR IS HOME TO SPECIES FOUND NOWHERE ELSE, INCLUDING THE CRITICALLY ENDANGERED PUNZAN RAINFROG, AND MANY HIGHLY THREATENED SPECIES SUCH AS THE ENDANGERED MOUNTAIN TAPIR.

OPERATION OCELOT'S MISSION FOUR WILL HELP PROTECT THIS EXTRAORDINARY LANDSCAPE. YOUR SUPPORT WILL FUND THE EXPANSION OF ECOMINGA'S OLIVIER CURRAT RESERVE BY 485 HECTARES, SAFEGUARDING MONTANE FORESTS, PÁRAMO GRASSLANDS, AND WATERFALLS, AND CREATE VITAL LINKS TO SANGAY NATIONAL PARK. THIS SAFE SPACE FOR SPECTACLED BEARS, ANDEAN CONDORS, AND COUNTLESS ENDEMIC PLANT AND AMPHIBIANS, PROVIDES A STRONGHOLD FOR LIFE IN THE ANDES.
